

- Powerful 2,000W motor
(Maximum Power Output 3,300W)
- Excellent overload durability
- Wear resistance of armature coil
- Dust-proof labyrinth construction
- Durable ball bearing holder thanks to the iron bushing
- Construction to protect grease leakage
- Easy-to-use, large safety lock switch
- 3-position side handle design
- Spindle Lock and Double Insraton
- Electric Soft Start Control for G23SRU

Specifications:

Capacity	Wheel Dia.	230mm(9")
	Hole Dia.	22mm(7/8")
Power Input		2,000W
No-Load Speed		6,600/min.
Spindle Thread		M14 x 2
Overall Length		463mm (18-7/32")
Weight (main body)		4.3kg(9.5 lbs.)
Standard Accessories		1 Side Handle 1 Wrench
